Authorized to work in Germany on student visa; eligible for Skilled Worker permit (§18b AufenthG).

PROFESSIONAL SUMMARY

Dedicated IT Support Engineer and Systems Administrator with 3+ years of hands-on experience delivering robust technical support, workstation deployment, and infrastructure management in fast-paced environments. Expert in cross-platform troubleshooting (Windows, macOS, Linux), user identity administration across Active Directory, Okta, and Google Workspace, and network support spanning LAN, WAN, and WiFi systems. Proven ability to manage hardware lifecycles, configure AV and peripheral equipment (including Zebra printers), and resolve incidents efficiently using structured ITSM ticketing workflows. Backed by Cisco Networking Academy certifications and a hands-on enterprise homelab utilizing Proxmox VE and Microsoft Intune.

TECHNICAL SKILLS

OS Support:	Windows 10/11, Windows Server 2019/2022/2025, macOS, Linux (Ubuntu, Debian – installation, CLI administration, and incident resolution)
Identity & Access:	Active Directory (AD DS, GPOs, user/group provisioning), Okta SSO, Google Workspace, Microsoft 365, Azure AD / Entra ID
Networking & Hardware:	LAN, WAN, WiFi troubleshooting, TCP/IP, DNS, DHCP, VLANs, subnetting, router/switch configuration, Wireshark monitoring, printer support, physical AV equipment & peripherals
MDM & Deployment:	Microsoft Intune, Google MDM, desktop application deployment, remote support tools, silent installers via PowerShell
ITSM & Operations:	Ticketing systems (Jira), ITIL-aligned incident and request management, technical documentation, knowledge base maintenance
Virtualization & Lab:	Proxmox VE, VirtualBox, pfSense firewalls, network segmentation
Scripting:	PowerShell, Bash, Python, Git/GitHub

PROFESSIONAL EXPERIENCE

Freelance IT Support Technician *Tangail, Bangladesh* Feb 2018 – Jul 2021

- Configured, installed, and maintained computer and network equipment for projects involving local workstation setups, moves, adds, and changes (MACs).
- Troubleshoot complex technical problems involving LAN, WAN, WiFi, and peripheral connections across Windows, macOS, and Linux client environments.
- Created and managed user accounts, security groups, and access permissions in Active Directory, Google Workspace, and Microsoft 365.
- Deployed desktop applications, managed software installations, and ensured the timely resolution of end-user incidents and service requests.
- Documented all modifications, troubleshooting steps, and change requests systematically within ticketing workflows (Jira).
- Maintained physical security, office hardware peripherals, and basic workspace equipment to ensure reliable daily operations for users.

Deutsche Post InHaus Services GmbH *Koblenz, Germany* Mar 2022 – Aug 2026

- Operated and monitored automated enterprise systems, resolving operational incidents under strict data protection, DSGVO, GDPR guidelines, and corporate secrecy compliance.
- Provided clear, structured documentation for technical issues and escalations, maintaining high standards of cross-team communication and accountability.
- Successfully managed professional responsibilities alongside Master's studies at the University of Koblenz.

PROJECTS

Enterprise IT Operations Lab [GitHub Link](#)

- Architected and deployed a comprehensive enterprise-grade virtualization environment utilizing Proxmox VE to simulate production-level corporate IT infrastructure and hybrid cloud operations.
- Configured virtualized pfSense firewalls enforcing advanced network segmentation, VLAN routing, and perimeter security policies to mirror enterprise WAN/LAN topologies.
- Deployed and administered Windows Server 2022 domain controllers, establishing Active Directory Domain Services (AD DS), DNS, DHCP, and enforcing granular Group Policy Objects (GPOs) for secure user and workstation management.

EDUCATION

University of Koblenz – M.Sc. Web & Data Science

Koblenz, Germany

Nov 2020 – Expected 2027. studies alongside employment.

National University of Bangladesh – B.Sc. Computer Science & Engineering

2012 – 2018

CGPA: 3.08 / 4.00.
